

Apprenticeship Hours and Tuition

The apprenticeship hours will be set by Kelly Brown and the apprentice. Basic Esthetics only will take no less than 5 months and no more than 6 months for completion. The Master Esthetics apprenticeship will take no less than 10 months and no more than 12 months for completion. The Masters only program will take no less than 5 months and no more than 6 months for completion.

There will be a contract signed before the apprenticeship starts that will outline the schedule, financial terms of agreement, curriculum based on state requirements and student needs and interest. The hours required for the masters only program does depend on any prior education such as an existing basic esthetics license or transferring credit.

-The Basic Esthetics apprentice program consisting of 800hrs is \$5,000.00

-The Masters Esthetics apprentice Program if the Basic was acquired through my apprenticeship 1500hrs is \$9,000.00

-The Masters Esthetics apprentice program if the Basic was acquired through another mode will range from 700-900 hrs and the cost is \$5,000.00-\$5,700

The cost of all programs will include basic state required textbooks and practice tests as well as a working smock. If additional text are needed or wanted by the apprentice, the apprentice will need to purchase any additional reading material on their own.
