ReJuvea Cream

DESCRIPTIONS:
Tan Cream - Chirally Correct
SKIN TYPES:
All Skin Types / SKINERCISEò R program
Mature, Aging, Sun and Environmental Damage
BENEFITS:
ReJuvea Cream is a topical product that is capable of reducing ñmimicò wrinkles by inhibiting muscle contractions. Studies have been shown to reduce forehead wrinkles by 52% and able to reduce the frequency of contractions of inverted muscle cells by 82%. Combatsô slacking of the skin reinforces skin tonicity. To get a real AGE KILLING EFFECT é try our new ReJuvea Cream.
FOCUS INGREDIENTS:
***SYN-AKE**: A synthetic tri-peptide derivative that was developed based on snake venom research and peptide synthesis. Targeting neuromuscular activity.
***Raffermine**: Active ingredient obtained from soybean membranes. Raffermine revitalizes programs of constituents of the extracelluar matrix.
***Phytessence Wakame-Undaria Pinnatifida:** Brown algae native to the Sea of Japan. Maintains skin firmness, elasticity and smoothness, supports skin regeneration, and defends against environmental stress.
***Hema'Tite**: Found in magma rock, in the hydrothermal seams. An iron rich extract will restore the resilience and tone to the skin. HemaôTite the beauty talisman; with its stimulating action on collagen synthesis is aimed at the top of the range rejuvenating skincare products..
SUGGESTED USE:
Apply AM on top of serums and before moisturizer and sunblock.
PM: Apply on top of Glycolic and Retinolic and before EGF, or Oxy Respiration Cream.
