D20 SPRITZ
Chirally Correct

DESCRIPTION:

Clear liquid

SKIN TYPES:

All skin types, especially dry skin / "SKINERCISE" R program

BENEFITS:

The D20 SPRITZ contains D20, or Heavy Water. Heavy Water looks, feels and tastes like regular water, yet curiously sweeter. The difference with Heavy Water is that the hydrogen in it is twice as heavy as the hydrogen in ordinary water. All water on this planet contains heavy water, whether it is sea, glacial, mountain, city, lake, distilled or purified water. It evaporates more slowly than ordinary water, and it is more structured than ordinary water, making it smarter in supporting the growth and maintenance of life in all its complexity. It requires 10 times as much energy to be ionized as regular water, making it virtually impervious to radiation. All of these features make it a highly effective ingredient in a mist intended to help the skin resist water evaporation and to stay moist longer. Research in heavy water indicates it has remarkable protective and preserving action on tissue.

FOCUS INGREDIENTS:

- *Heavy Water: moisturizing
- *L-sodium Hyaluronate: moisturizing promotes hydration
- *L-sodium PCA: moisturizing
- *D-beta-fructan: moisture retention
- *D-beta-glucosamine: strengthening
- *Essential Oils: chiromatherapy

SUGGESTED USE:

Use once or twice daily after cleansing and before moisturizer. Use to hydrate skin whenever necessary.

INGREDIENTS:

Hamamelis Virginiana (Witch Hazel) Water, Aqua (Water), Alcohol, Glycerin, Deuterium Oxide (Heavy Water), Sodium PCA, Gluconolactone, Borago Officinalis Seed, Glucosamine HCl (D), Fructooligosaccharides (D-beta), Honey, Phospholipids, Commiphora Myrrha Oil, Benzyl Alcohol, Hyaluronic Acid, Sphingolipids, Sodium Benzoate
