## EGF CREAM

Vanilla

Chirally Correct

### **DESCRIPTION:**

Light pink colored cream. Vanilla scent

### **SKIN TYPES:**

All skin types. This is a light, non-comedogenic cream /"SKINERCISE" R program

### **BENEFITS:**

As skin ages, the communication between the various layers of skin is hindered because of a critical decrease in the number of growth-factor receptors. Therefore, EGF (epidermal growth factor) is the single most important substance for development and maintenance of both the epidermis and dermis. It is a protein that works to heal and repair the stratum corneum by directly stimulating proliferation of growth factor receptors. The EGF has two other bonuses in that it helps mop up free radicals, and also has anti-inflammatory benefits. All of the above show why EGF is particularly beneficial to skin that is going through peeling treatments. It helps replace what the peels remove. Using this product in conjunction with peeling makes it much less stressful to the skin by providing fuel for the renewal process. Body builders incorporate protein powders to build muscle quicker and more efficiently. Think of EGF cream as the skin's version of protein powder to renew more effectively.

### **FOCUS INGREDIENTS:**

- \*Human Oligopeptide-1 (EGF): healing, repairs, and stimulates cell growth
- \*Aloe Vera (D-complex): refreshing, healing, humectant, emollient
- \*Tocopherol (D-alpha): natural healing and antioxidants of Vitamin E
- \*Retinol: skin renewing Vitamin A
- \*Spin trap: Anti Oxidant
- \*Allantoin: antioxidant, skin's natural soother and healer
- \*EGCG: from green tea, anti oxidants and anti tumor power.
- \*Niacinamide: Vitamin B3 not synthesized by the human body, must be applied topically.

**SUGGESTED USE:** EGF Cream is well tolerated by all skin types. It should be worn at night on top of Glycolic,

**Ingredients:** Aqua (Water), Caprylic/Capric Triglyceride, (Plant Based) Stearic Acid, Niacinamide, Glyceryl Stearate, Cetearyl Alcohol, Alcohol, Glycerin, Olea Europaea (Olive) Fruit Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Butyrospermum Parkii (Shea) Butter, Camellia Sinensis (Green Tea) Leaf Extract, Cucurbita Pepo (Pumpkin) Seed Oil, Bisabolol \_L-alpha), Allantoin, Retinyl Palmitate, Zea Mays (Corn) Oil, Peumus Boldus Leaf Extract, Aloe Barbadensis Leaf Juice Powder, Lysine HCl(L), rh-Oligopeptide-1 (EGF), Phenyl t-Butylnitron (Spin Trap), Solanum Lycopersicum (Tomato) Fruit Lipids, Vanilla Planifolia Fruit oil, Tocotrienols, Elaeis Guineensis (Palm) Oil, Tocopherol (D-alpha), Lonicera Caprifolium (Honeysuckle) Flower, Lonicera Japonica (Honeysuckle) Flower Extract, Vanillin, Citrus Aurantium Dulcis (Orange) Peel Oil, Sodium Hydroxide, Citric Acid, Epigallocatechin Gallate, Ammonium Sulfate, Phytic Acid, Potassium Sorbate.
