DESCRIPTION: Light weight cream

SKIN TYPES: All skin types.

BENEFITS: Anti-Aging Tripeptide Sunscreen SPF 30 is a broad spectrum, age reversing treatment designed for the face. This luxurious sunscreen combines the anti-aging power of synthetic snake venom (Syn-ake) with the micro delivery properties of Apple Stem Cell Technology to reinstate supple skin and youthful luminosity.

FOCUS INGREDIENTS: Broad-Spectrum Protection. Chemical agents absorb UV light rays, lowering energy levels and the releasing light energy as heat energy.

Physical agents reflect and scatter light energy rays at addressing UVB.

Hydrating Complex: Infused with Lavender and Tangerine oils for a radiant glow, leaving a refreshing scent.

Stem Cell And synthetic snake venom helps support skin's cellular turnover.

SUGGESTED USE: AM *For everyday use apply 15 minutes before sun exposure. Apply on top of moisturizer. If spending time in the sun reapply after 40 minutes of swimming or sweating. Spending time in the sun increases your risk of skin cancer and early aging.
