Eyelightner

Description: Light white cream

Skin Types: All skin/ Anti-Age

Benefits: A light, airy texture is extremely effective at firming and plumping the skin, quickly reducing the look of fine lines. This is a **power house** packed with botanicals and anti-wrinkle ingredients that have multiple preventative functions, which includes firming, building essential collagen and increasing moisture nourishment.

Focus Ingredients:

Fi-Flow (Perfluorodecalin, Perflurohexane, Perfluoroperhydrophenanthrene)

In cosmetic formulations acts in multiple levels (fast penetration, instant skin volume, muscular relaxation, cellular detoxification) to impart Botox R-like effect.

Argireline NP (Acetyl Hexapeptide-8) This first peptide for expression wrinkles, effective wrinkle reduction by 17% in as little as 15 days and a maximum of 32% by 28 days.

Leuphasyl (Pentapeptide-18): Revolutionary tandem when combined with Argireline due to their complimentary effects allowing maximum wrinkle reduction of 47% in 28 days.

Cassia Angustifolia Seed polysaccharide: Extracted from the seeds of the Indian Senna plant, botanical alternative to Hyaluronic Acid, demonstrating immediate and intense moisturizing effects that last up to 24 hours, plumping fine lines to provide a smoother, more radiant complexion.

ChroNoline (Caprooyl Tetrapeptide-3): Peptide derived from Growth Factor derivatives, clinically proven to reduce wrinkles by 29% in 28 days, stimulates the

production of collagen, laminin and fibronectin in the DF (Dermal Epidermal Junction) maintaining skin's youthful firmness.

Borago Officinalis Seed Oil: Also known as Starflower, contains a high concentration of GLA (Gamma Linolenic Acid) combat's inflammation and restores moisture and smoothness to dry skin.

Suggested Use:

Gently pat a small amount of Eyclighter around the eye area once or twice daily.
